Use My Computer for Calls
You can tell Cisco Jabber for Mac to send calls to your computer or to your phone.

Procedure
1. From your hub window, open the Phone Controls drop-down menu.
2. Select your preference.

Start a Conference
Easily start a conference call with your contacts.

Procedure
1. Select two or more contacts or the header of your contact group in the Contacts tab.
2. Choose the call icon.
3. Add additional participants.
4. Update the topic for your group chat.
5. Select Invite.

Forward Calls
To avoid missing calls when you are not at your desk, you can forward calls to another phone number.

Procedure
1. From your hub window, open the Phone Controls drop-down menu.
2. Select Forward Calls to.
3. Select your preference from the available list.

Set Up My Phone Accessories
You can change which microphone and speakers are used by the client when you have at least one phone accessory for call control.

Procedure
1. In the hub window, open the Phone Controls drop-down menu.
2. Select Use my Computer for Calls. You can see your current phone accessories.
3. To change your phone accessories, select Audio/Video Preferences... You can also test the sound on your devices.

Customize My Client
You can access your options and preferences for Cisco Jabber to customize how your client behaves.

Procedure
1. Select Jabber > Preferences.
2. Make your selections.
