

# CARESS 2011

*8th Conference on Active Research by Environmental Sciences Students*

**Wednesday, June 15, 2011**

**Schmidt Lecture Hall, Weizmann Institute**

*The CARESS is a unique conference that brings together graduate students and post-docs from different fields and academic institutions who share a common interest in environmental research.*

## **Why come to CARESS?**

- *Meet other students with the same interest*
- *Listen to students presenting their most recent results*
- *Have a chance to present your work in a warm and friendly environment*
- *Develop new ideas and collaborations with other groups*
- *Free participation, food and drinks!*
