

# Solar energy *Student Conference* Photovoltaic materials & optics 2013

18-20 December

Weizmann Institute of Science  
Rehovot, Israel

After the success of SSC2010, We are pleased to announce the second solar energy student conference: Photovoltaic Materials and Optics 2013 (PMO 2013).

#### Main topics covered:

- Inorganic / Organic PV systems
- Optical systems for efficiency enhancement of PV systems

#### Keynote lecturers:

- Prof. Bruce Parkinson from the University of Wyoming
- Prof. David Ginley from the National Renewable Energy Laboratory (NREL).

We encourage all students in the field of PV to come and present their work (either by Poster/25min Oral presentation). There will be a prize winning competition for the best poster and oral presentation.

We are looking forward for your participation!!

**Final deadline for  
submission of  
abstracts is  
November 1st,  
2013**

#### Organizing committee:

**Ayelet Teitelboim**, chair (WIS) | ayelet.teitelboim@weizmann.ac.il

**Guy Lazovski** (WIS) | guy.lazovski@weizmann.ac.il

**Igal Levine** (WIS) | igal.levine@weizmann.ac.il

#### Conference secretary

**Perla Zalcborg** | perla.zalcborg@weizmann.ac.il

**Liat Zilberberg** (HUJI) | liat.gilat@mail.huji.ac.il

**Hanna-Noa Barad** (BIU) | joebarad@gmail.com

**Gideon Segev** (TAU) | gideon.segev@gmail.com

**Omry Dinner** (Technion) | omryd@tx.technion.ac.il

**Yulia Furmansky** (BGU) | julaiz@gmail.com

For more information please see: [www.weizmann.ac.il/conferences/SSC2013/](http://www.weizmann.ac.il/conferences/SSC2013/)

#### Sponsors

■ The Solo Dwek and Maurizio Dwek Research School of Chemical Science

■ The Leona M. and Harry B. Helmsley Charitable Trust

■ The Israel National Nanotechnology Initiative (INNI)
