

The Center of Research Excellence The Quantum Universe

I-CORE Meeting

Monday, December 18, 2017

**Benozio Physics Building, Drory Auditorium
Weizmann Institute of Science**

09:00-09:30	Gathering & Light refreshments
09:30-09:35	Opening Liron Barak, Shikma Bressler and Enrique Kajomovitz
09:35-10:20	Halina Abramowicz Tel Aviv University <i>Particle Physics Perspectives at High Energy</i>
10:20-11:05	Gilad Perez Weizmann Institute of Science <i>(Mis)guided advice towards facing the unknown</i>
11:05-11:30	<i>Coffee break</i>
11:30-12:20	Maxim Titov CEA Saclay <i>Advanced Instrumentation for HEP Experiments</i>
12:20-13:20	<i>Lunch</i>
13:20-14:10	Kenneth Long Imperial College London <i>Opportunities in Neutrino Physics</i>
14:10-15:00	Claude Vallee Centre de Physique des Particules de Marseille <i>The Future of Particle Physics Beyond Colliders at CERN</i>
15:00-15:30	<i>Coffee break</i>
15:30-15:50	Lisa Randall Harvard University <i>Perspectives</i>
15:50-16:30	Guided discussion on Opportunities for the IL Community

Organizers:

Liron Barak
Shikma Bressler
Enrique Kajomovitz

Coordinator & Accessibility Issues:

Ela Ulman-Mor Haim
