4. Fill in your details, then click “Create”.

Create MathWorks Account

Email Address: helpdesk@weizmann.ac.il

Location: Israel

Which best describes you?

Are you at least 13 years or older? Yes

5. Check your Weizmann mailbox and click on “Verify email”.

Verify your email address

1. Go to your inbox for helpdesk@weizmann.ac.il.
2. Click the link in the email we sent you.

Didn't receive the email?

- Check your spam folder.
- Send me the email again.
- If you still have not received the email, see Email Verification or contact Customer Support.

Welcome to MathWorks!

To complete your MathWorks Account setup, click Verify email.

Verify email

Alternatively, to verify your email, copy and paste the following link into your browser:

https://www.mathworks.com/mwaccount/register/verify?x=8bc9498d-e543-4a59-a092-de7295ace43a

If you did not create this account, contact Support.

MathWorks Customer Service Team

6. Finish creating your profile, check “I accept the Online Services Agreement”, and click “Create”.
7. You will see a message that MATLAB Individual license is assigned to your account automatically. Click on Install MATLAB (or Download Installer if you already have a Mathworks account).
8. Click **Download for Linux**.

9. Add root to X server access control list –
   ```bash
   xhost +SI:localuser:root
   ```

10. Extract the downloaded zip file, inside you will find **install**.
    run it as **root** or use **sudo**.
11. During installation enter your Weizmann email address, then click Next.

12. Enter your Mathworks password and click Sign in.
13. Review the license agreement.

14. In the license selection dialogue, choose the MATLAB (Individual) row, and click Next.
15. In the user Licensing dialogue, fill-in your details and click **Next**.

16. Confirm the destination folder, and click **Next**.
17. Select your desired toolboxes and click **Next**.

18. Click **Next**.
19. Click **Begin Install**.

20. MATLAB will start installing.
21. When the installation is complete, click **Close**.
