

OWA (Outlook Web App) Access to Exchange 2016 Mailbox

Microsoft Exchange 2016 enables remote access to a range of services – including e-mail, calendar, schedule, contacts, tasks and more – via the OWA (Outlook Web App) browser interface.

To connect to these services from afar, perform the following:

1. Use your browser to access the address <https://mail.weizmann.ac.il/owa>.
2. Enter your Institute user ID and password in the **User name** and **Password** fields on the page that loads, respectively, then click **sign in**.
