

The Israel Society for Biochemistry and Molecular Biology (ISBMB)

Meeting on RNA

In memory of Prof. Yossi Sperling

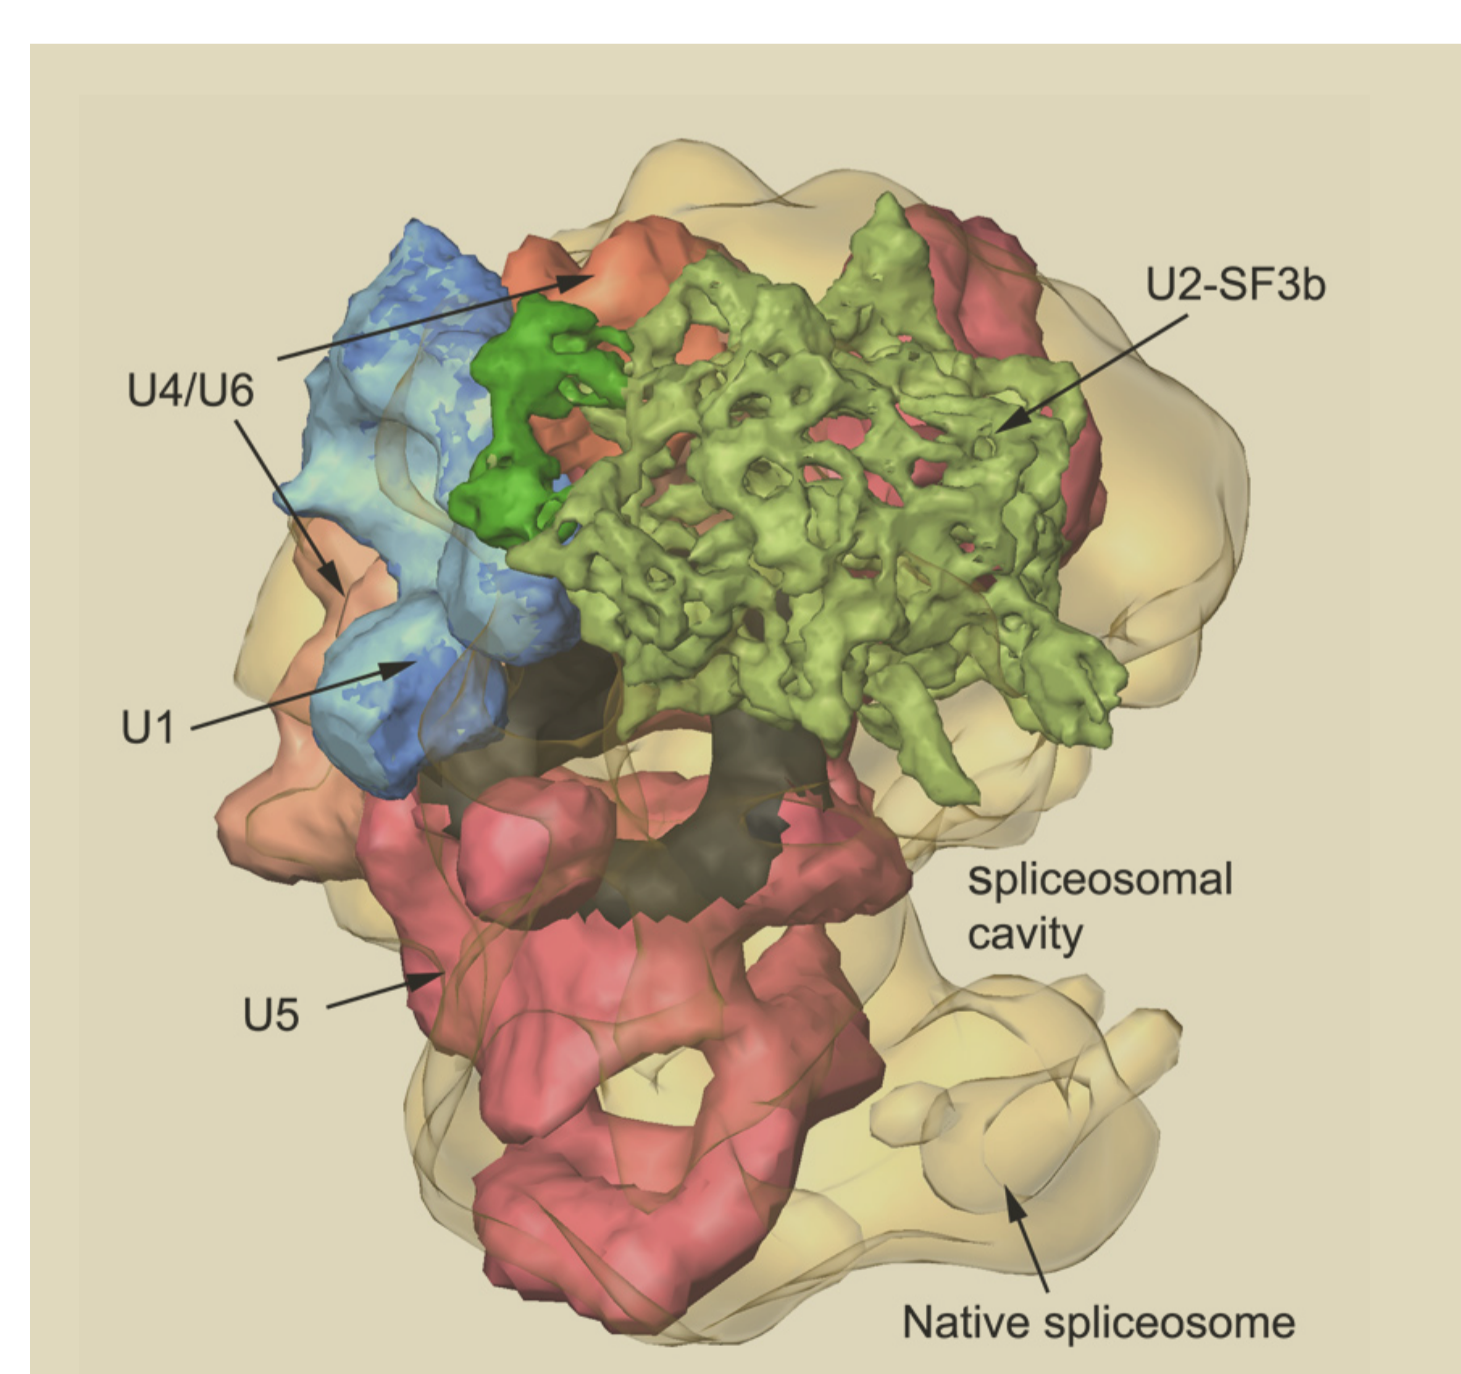

September 26, 2016 The David Lopatie Conference Centre | Weizmann Institute of Science

08:15 - 08:55	Registration and Coffee
09:00 - 09:10	Greetings: Gil Ast Tel-Aviv University Zvi Livneh Weizmann Institute of Science Michal Sharon Weizmann Institute of Science
Session 1	Chair: Shula Michaeli Bar Ilan University
09:10 - 09:50	Mechanisms of RNA splicing Keynote: Adrian Krainer CSHL Cancer Center
09:55 - 10:15	Specific inhibition of splicing factor activity by decoy RNA oligonucleotides Rotem Karni The Hebrew University-Hadassah Medical School
10:20 - 10:40	Nuclear speckles buffer the availability of splicing factors in the nucleoplasm to regulate rates of gene expression Yaron Shav Tal Bar Ilan University
10:45 - 11:05	Evolution and modes of action of long noncoding RNAs Igor Ulitsky Weizmann Institute of Science
11:10 - 11:35	Coffee Break
11:35 - 11:55	Regulation of heritable small RNAs Oded Rechavi Tel Aviv University
12:00 - 12:20	Pseudouridine on mammalian mRNA: Where? How? Why? Schragi Schwartz Weizmann Institute of Science
12:25 - 13:05	Networks of alternative splicing regulation in cancer Keynote: Juan Valcarcel The Centre for Genomic Regulation
13:10 - 14:00	Lunch + Poster Session + ISBMB Admin Meeting
Session 2	Chair: Carmit Levy The Hebrew University of Jerusalem
14:00 - 14:40	RNA binding proteins: managers of coding and non-coding RNA pathways Keynote: Gunter Meister University of Regensburg
14:45 - 15:00	New functions for the RNA induced silencing complex in neurons Eran Hornstein Weizmann Institute of Science
15:05 - 15:15	Chromatin based splicing modulation, evidence from CRISPR mediated targeting Maayan Salton The Hebrew University of Jerusalem
15:20 - 15:40	Manipulation of gene expression during viral infection Noam Stern Ginossar Weizmann Institute of Science
15:45 - 16:05	Non-coding RNA regulation of antibiotics resistance Rotem Sorek Weizmann Institute of Science
16:10 - 16:25	The nuts and bolts of the endogenous spliceosome - the supraspliceosome Ruth Sperling The Hebrew University of Jerusalem
16:25	Concluding Remarks Gil Ast Tel Aviv University
16:30	Departure

Organizing Committee

Gil Ast
Tel Aviv University

Eran Hornstein
Weizmann Institute of Science

Sponsors

Israel Society for Biochemistry and Molecular Biology

Faculty of Biochemistry,
Weizmann Institute
of Science

The Chorafas Institute for
Scientific Exchange
