

# Facts and Figures

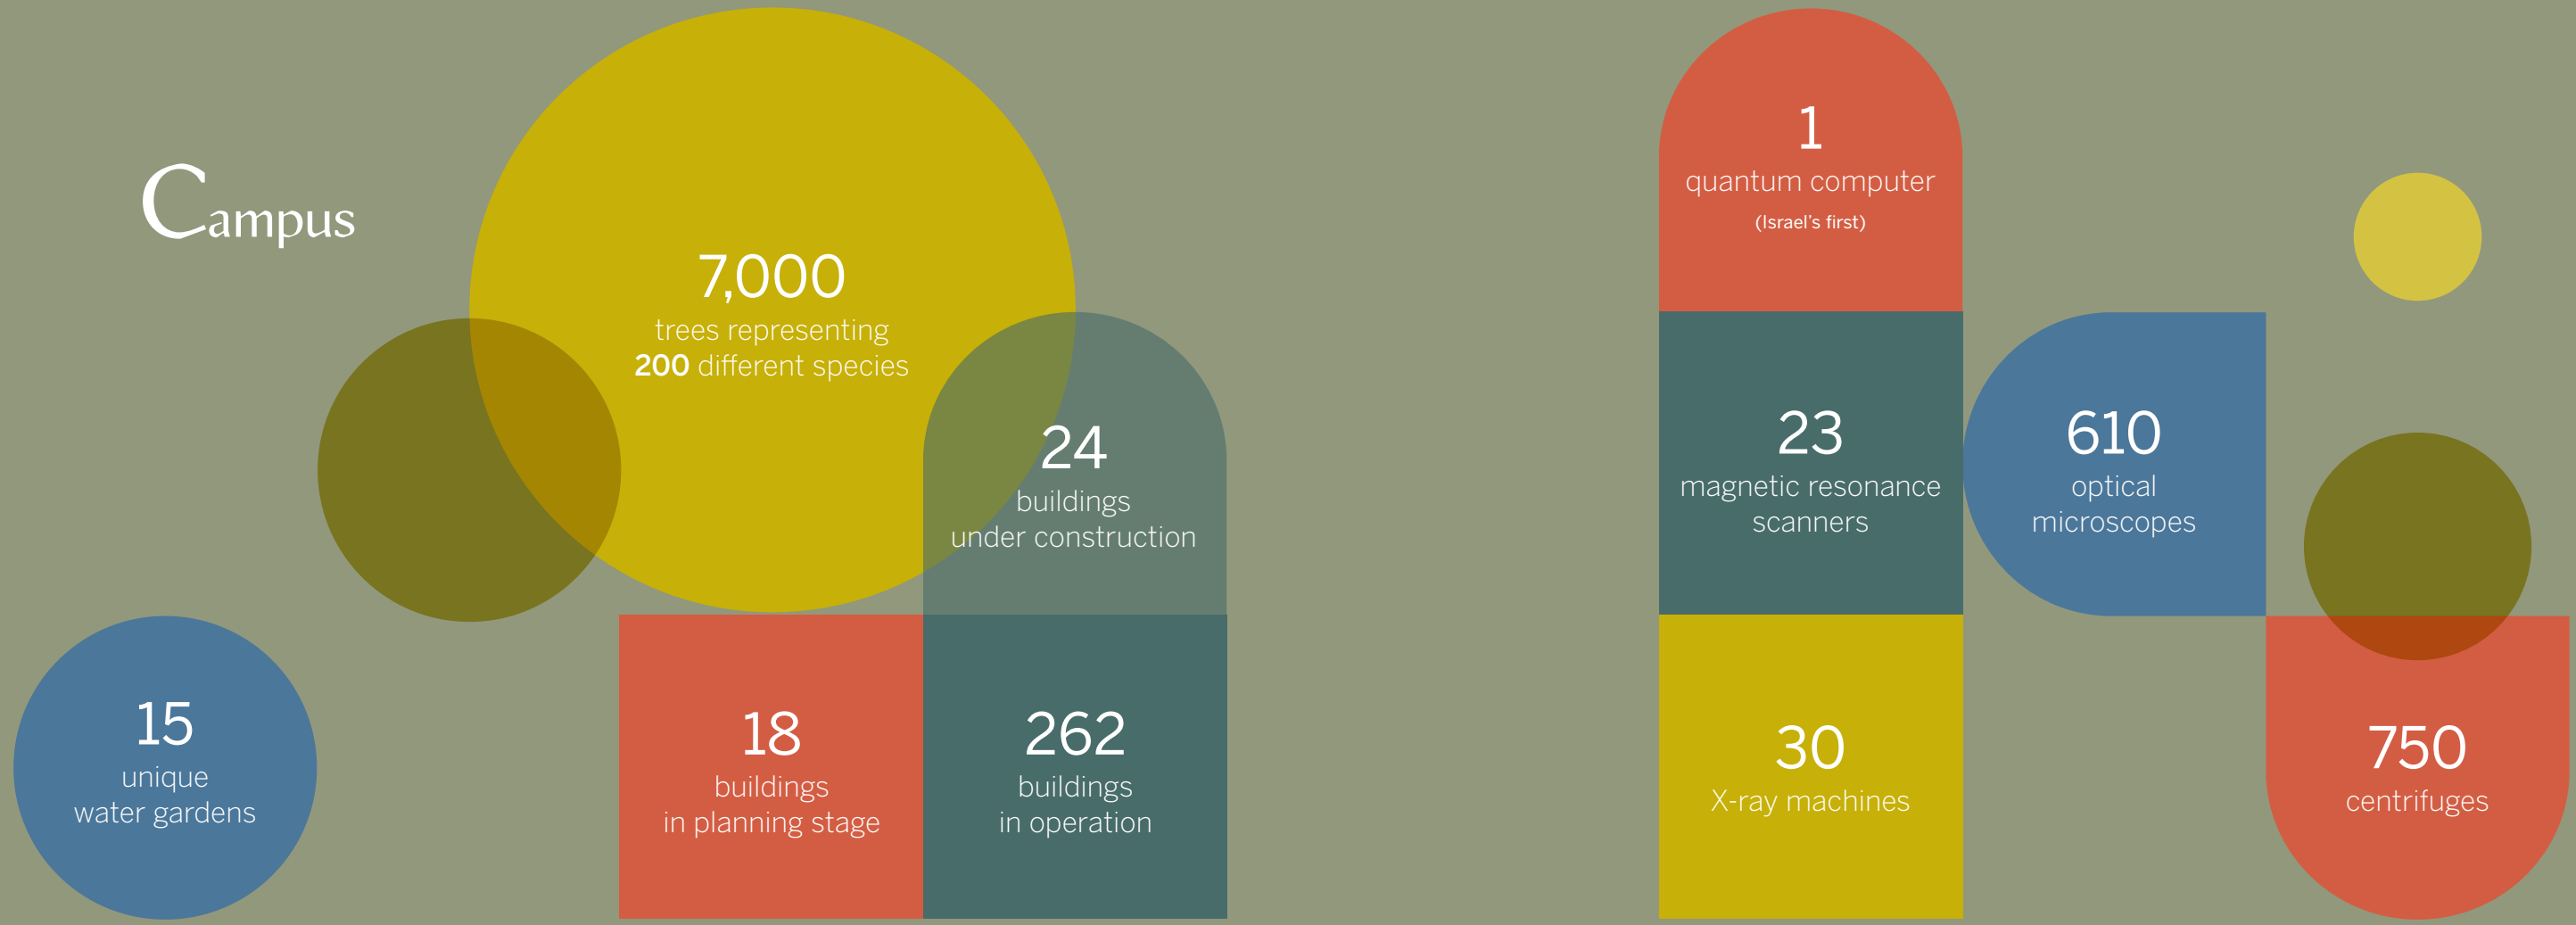

2024-2025

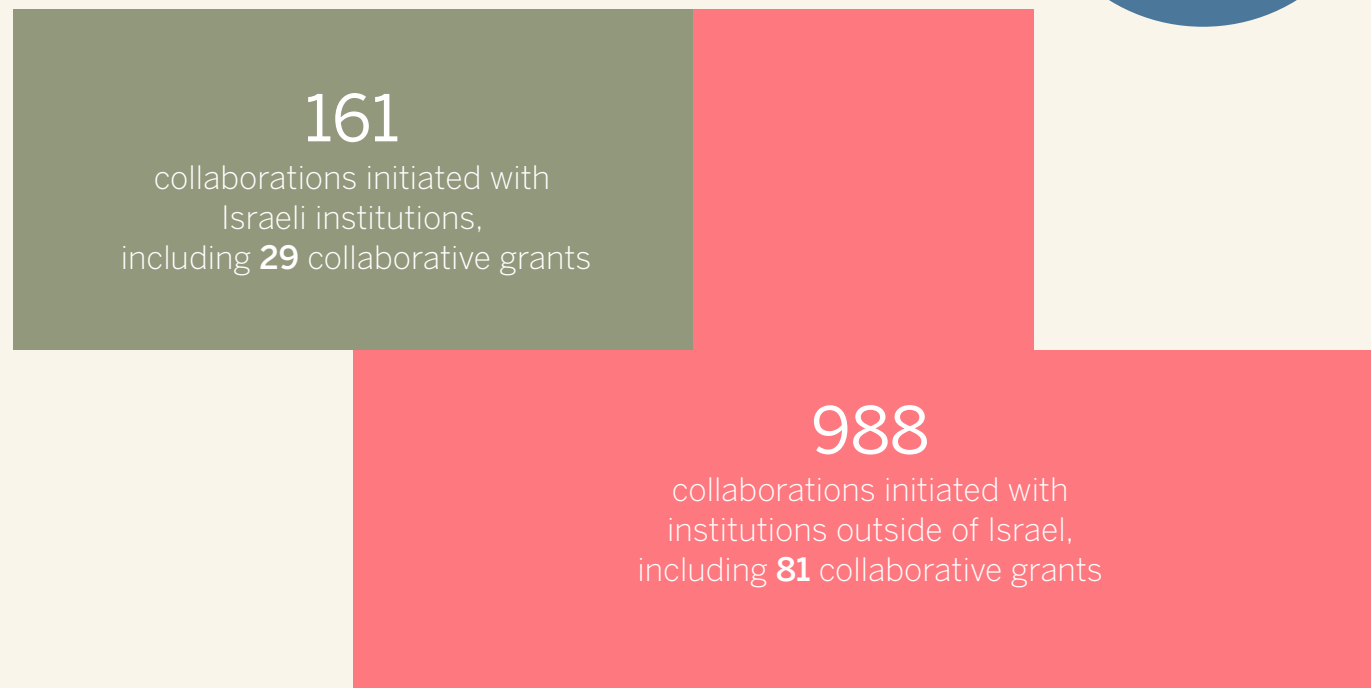

# About

The Weizmann Institute of Science is a global leader in scientific research, education, and training, renowned for its pioneering contributions to the natural and exact sciences. Multidisciplinary collaboration and innovation thrive on the Institute's dynamic campus in Rehovot, Israel, where scientists and students of the highest caliber are free to follow their curiosity to the fullest. Bold investigations in Weizmann labs bridge basic science with real-world applications, advancing discoveries that shape the future of humanity.

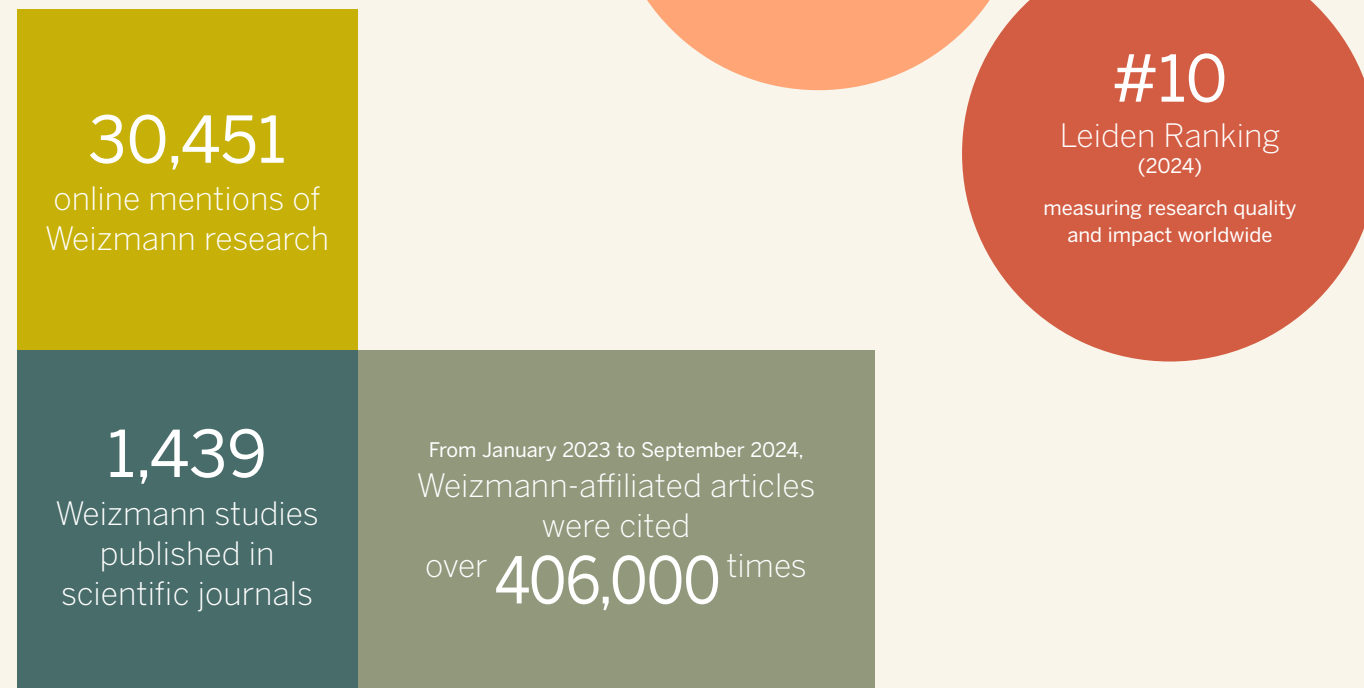

# Campus

# Research

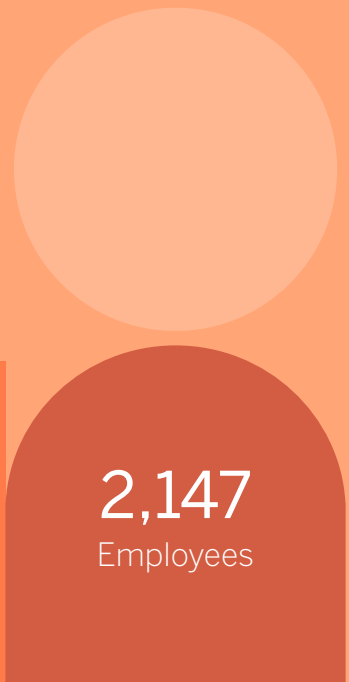

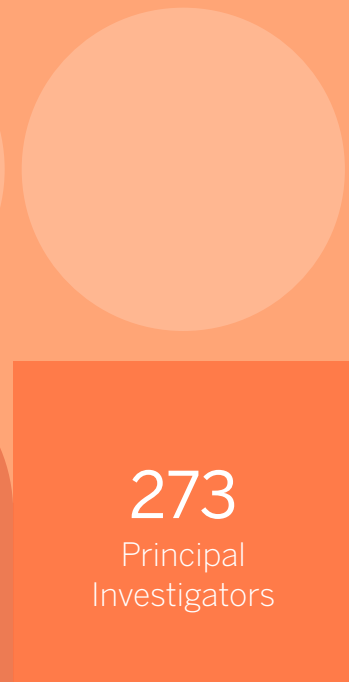

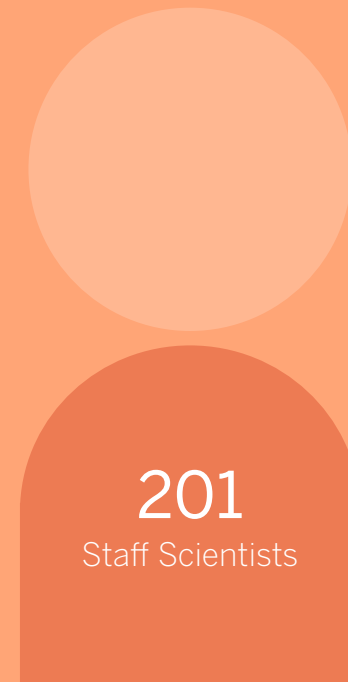

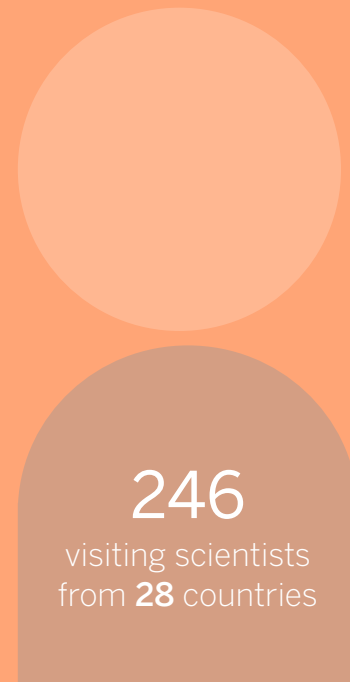

January-December 2024

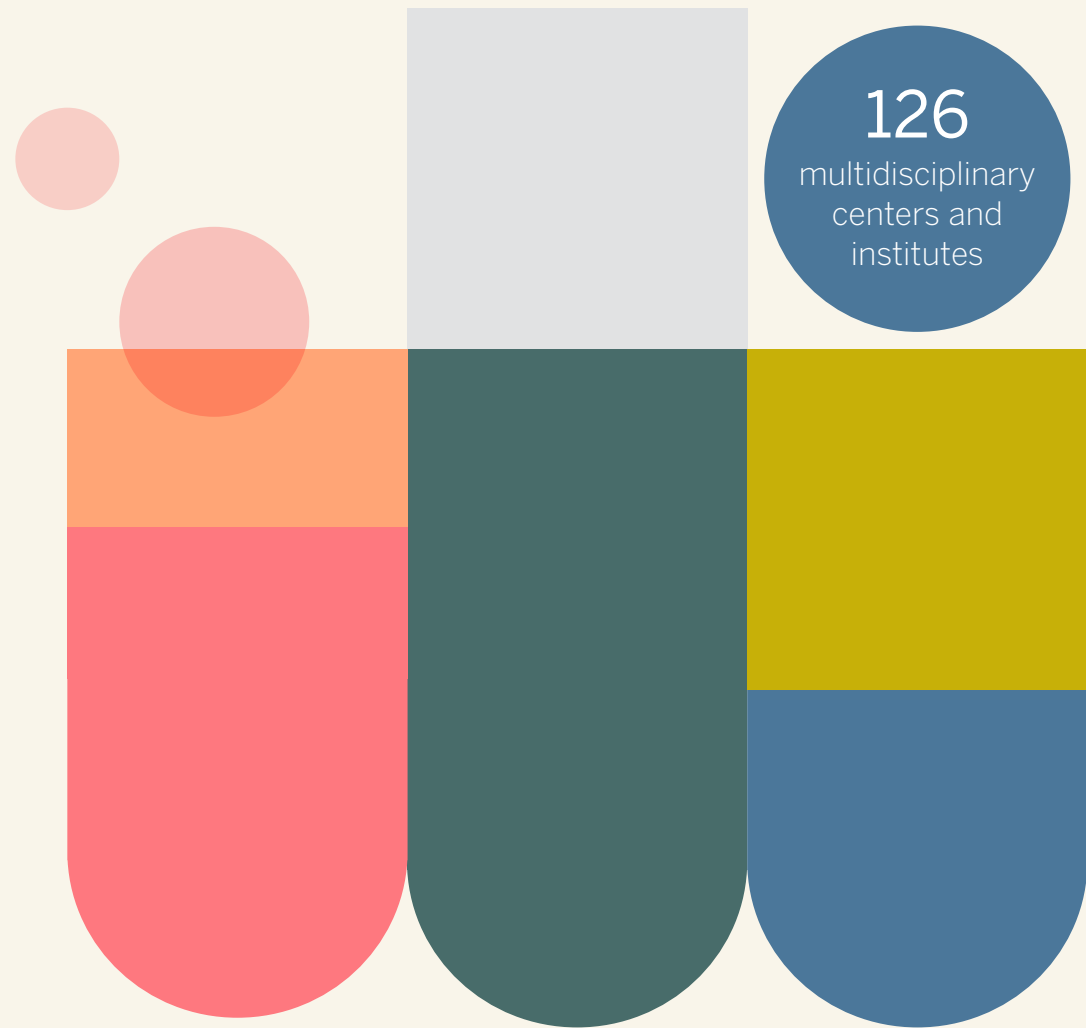

# People

The Weizmann Institute's greatest asset is its people, attracting some of the most outstanding investigators, complemented by a skilled support staff and a diverse campus community.

**2,621** total staff

# Faculties and Departments

## Faculty of Biochemistry

- Biomolecular Sciences
- Molecular Genetics
- Plant and Environmental Sciences
- Life Sciences Core Facilities
- Structural Proteomics Unit

## Faculty of Mathematics and Computer Science

- Computer Science and Applied Mathematics
- Mathematics

## Faculty of Biology

- Brain Sciences
- Immunology and Regenerative Biology
- Molecular Cell Biology
- Molecular Neuroscience
- Systems Immunology
- Veterinary Resources

## Faculty of Physics

- Condensed Matter Physics
- Particle Physics and Astrophysics
- Physics of Complex Systems
- Physics Core Facilities

## Faculty of Chemistry

- Chemical and Biological Physics
- Chemical and Structural Biology
- Earth and Planetary Sciences
- Molecular Chemistry and Materials Science
- Chemical Research Support

## Science Teaching

## Scientific Archaeology

# Students and Postdocs

1,766 total

794 female

972 male

The Weizmann School of Science provides tuition-free education for every graduate student and generous stipends for all postdoctoral research fellows.

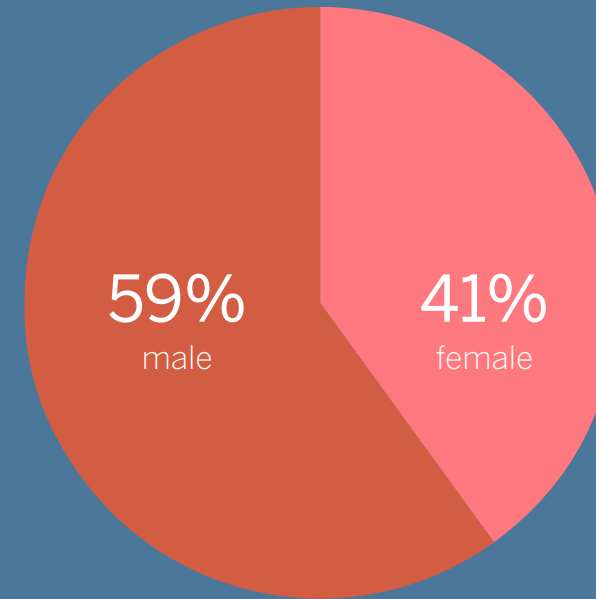

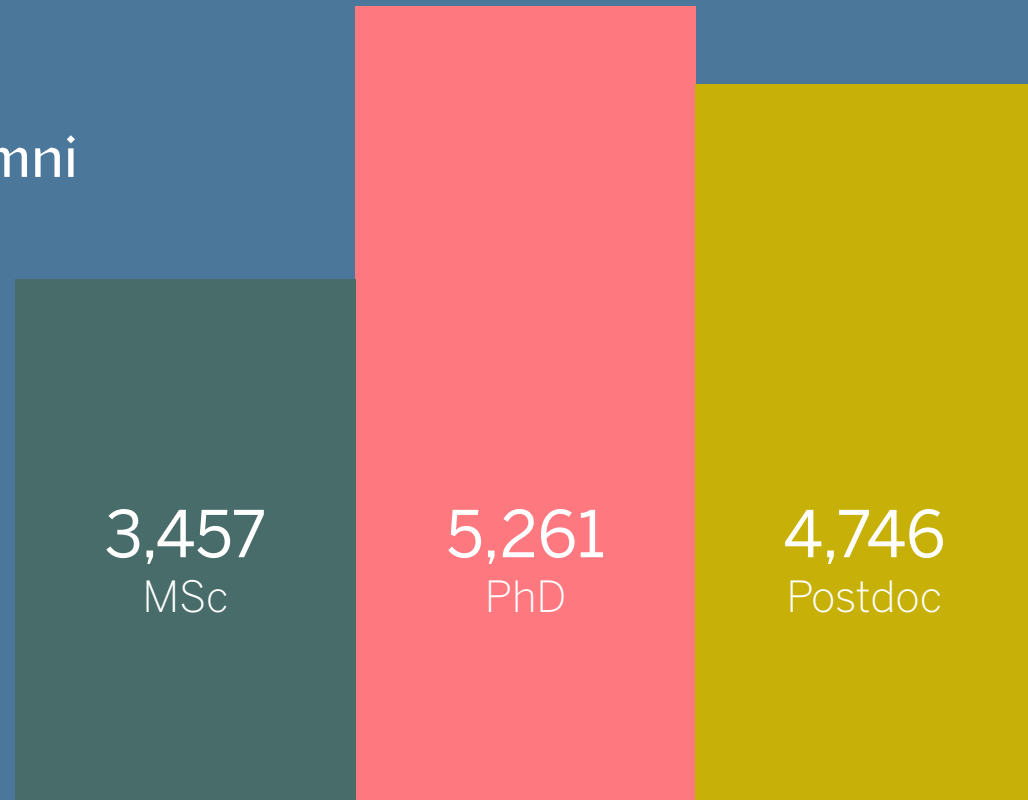

653 MSc students  
(58 international)

786 PhD students  
(155 international)

327 Postdoctoral fellows  
(249 international)

The figures listed here indicate the average number of students and postdocs actively engaged on a daily basis during the 2023-2024 academic year.

# Alumni

**350**  
startup companies  
established by  
Weizmann alumni  
and postdocs

**~900**  
Weizmann alumni  
work at the Institute

Since the establishment of the graduate school in 1958

# Excellence

1  
Nobel Prize

1  
Kavli Prize

3  
Turing Awards

2  
Japan Prizes

6  
Gödel Prizes

40  
Israel Prizes

11  
Wolf Prizes

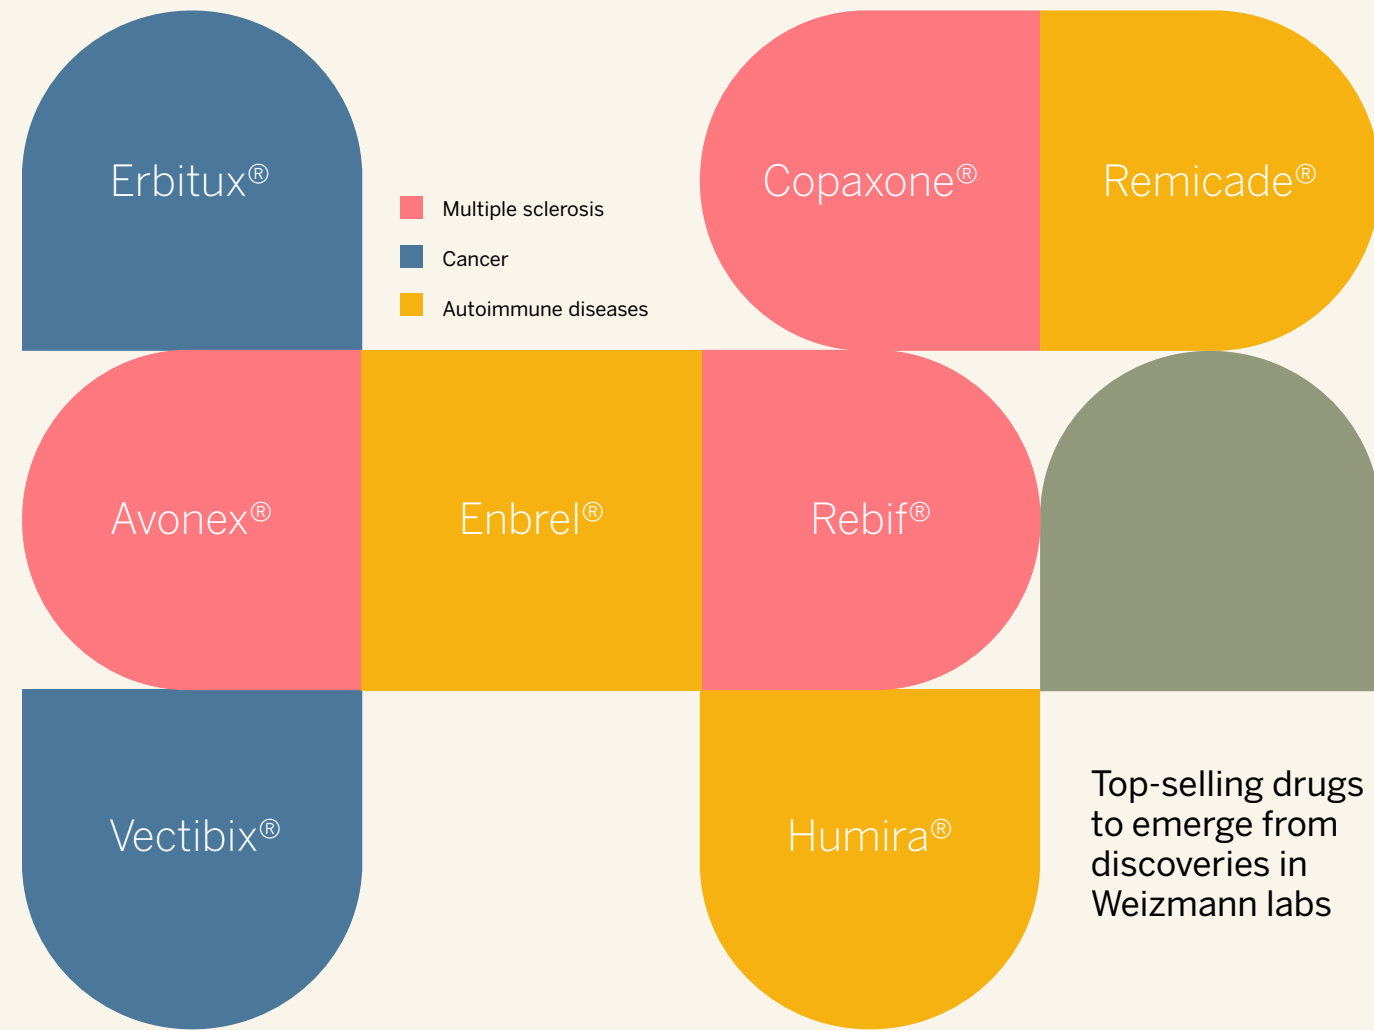

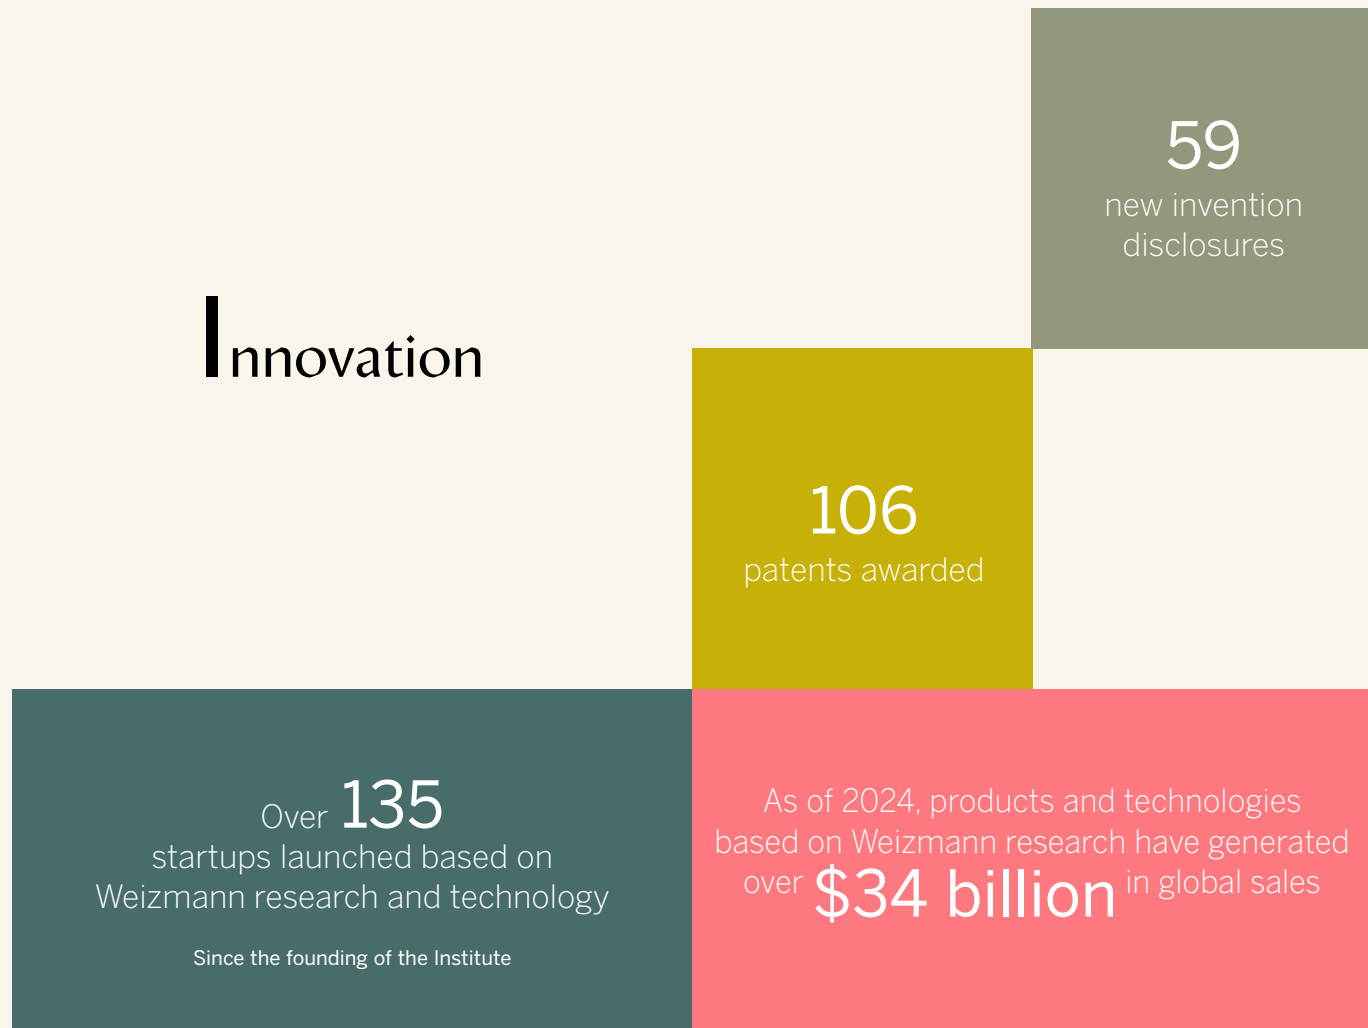

2  
L'Oréal-UNESCO Awards

13  
Blavatnik Awards

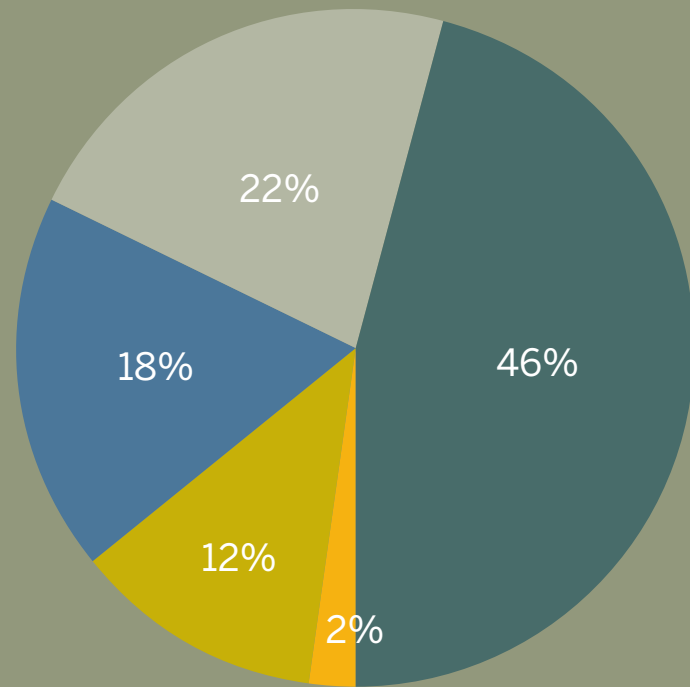

34  
Krill Prizes

Since the founding of the Institute

# Innovation

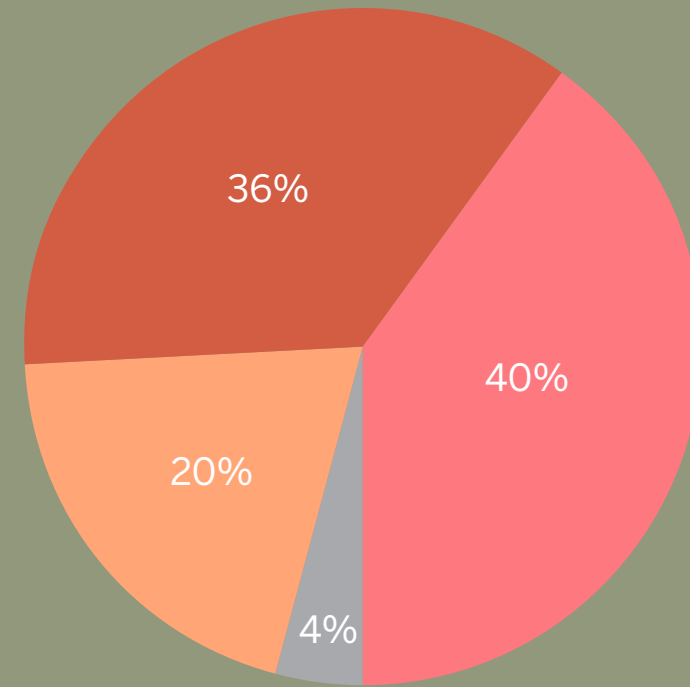

# Budget

## Income

- Philanthropy
- Research grants
- Government
- Return from endowment
- Other

**NIS 2.4 Billion**  
2023-2024  
Fiscal Year

## Expenditure

- Development
- Scientific support
- Personnel
- Administration & Other

# Science Literacy

## Davidson Institute of Science Education

Since October 7, 2023, Davidson has provided programs for over **9,000** displaced students in 60 evacuation centers across Israel

**15.35M**

total views of the Davidson website

September 2023-August 2024

**70,000**

teachers, students, and members of the general public participated in programs run by the Davidson Institute

## Clore Garden of Science

**14,200**

square meters of reimagined indoor & outdoor space

Over **30,000**

visitors  
July-August 2024

**1.6M**

total views of the Clore Garden website

June-September 2024
