

WEIZMANN
INSTITUTE
OF SCIENCE

A Pre-SAAC Symposium on Mathematics

June 30th, 2024, Ziskind Hall Room 1

PROGRAM

14:00 **Alex Furman**
University of Illinois

Picking out arithmetic rank-one locally symmetric manifolds among negatively curved ones

14:40 **Balint Virag**
University of Toronto

Random plane geometry: a gentle introduction

15:20 **Emmanuel Breuillard**
University of Oxford

Undecidable problems in linear groups

15:50 coffee Break

16:10 **Omer Angel**
University of British Columbia

Interacting Polya urns

16:50 **Shmuel Weinberger**
University of Chicago

How existential is topology?

Organizer

Uri Bader
