

SCHEDULE

- 11:00, WEDNESDAY, MAY 22
Toeplitz matrices and determinants under
the impetus of the Ising Model I
(Room 1)
- 14:00, TUESDAY, JUNE 04
Toeplitz matrices and determinants under
the impetus of the Ising Model II
(Room 261)
- 14:00, THURSDAY, JUNE 06
How long does it take to diagonalize a
random symmetric matrix?
(Room 261)

The Department of
Mathematics invites for a
series of lectures by

PROF. PERCY DEIFT
COURANT INSTITUTE, NYU

All lectures will take place in the Ziskind Building,
Faculty of Mathematics and Computer Science,
Weizmann Institute of Science.
