Clearance Form For Ben Gurion Airport

Please answer the following questions:

1. Please add description of the material and why can't it pass through the X-ray machines?
2. Can the material be dangerous/explosive?
3. Where will the material be during the flight? (hand bag/cargo)
4. Will you arrive back with it?
5. Where was it held before the flight? (Only Weizmann – your lab only?)
6. How is it packed?
7. Is it temperature sensitive?
