T A B L E I

Principal cultivated plants in early farming villages in the Near East and Greece:
Summary of finds in representative 7th and 6th millenia sites.

Archaeological site and approximate C14 Dates	Plant Remains	References
1. Ali Kosh, Deh Luran Valley Khuzistan, West Iran. (7500-6000 B.C.)	Einkorn wheat (rare), emmer wheat (common), hulled 2-sowed barley (common), lentil (occasional), flax (occasional).	Helbaek, 1969.
2. Tepe Sabz, Deh Luran Valley, Kurdistan, West Iran 5500-5000 B.C.)	Einkorn wheat (rare), emmer wheat common), free threshing wheat (), hulled 2-rowed barley (common), hulled 6-rowed barley (occasional), lentil (common) flax, (quite common)	Helbaek, 1969.
3. Jarmo, Kurdistan, Iraq. (ca 6750 B.C.)	Emmer wheat (common), hulled 2-rowed barley (common), flax	Helbaek, 1959.
4. Tell es Sawwan, Middle Tigris, Iraq (5800-5600 B.C.)	Emmer wheat (common), free threshing wheat, hulled 2-rowed barley (common) naked six-rowed barley (common) flax	Helbaek, 1965
5. Cayönü South-eastern Turkey (ca 7000 B.C.)	Einkorn wheat, emmer wheat (common. bitter vetch. lentil (common) pea (common)	Zeist, 1972.
6. Can Hasan, Southern Turkey (ca 7000 B.C.)	Einkorn wheat (rare), emmer wheat common), free threshing wheat (common) hulled two-sowed barley (common), naked barley (rare), lentil, (bitter vetch.)	French, 1972
7. Catal, Hüyük Southern Turkey (5850-5600 B.C.)	Einkorn wheat (common), emmer wheat (common) free threshing wheat, hulled two-rowed barley, naked six-rowed bar- ley (common), pea (common)	Helbaek, 1964; 1966

Table 1 (continued)

Archaeological Site and C14 dates	Plant Remains	References
8. Hacilar, Southern Turkey		
(i) Aceramic stage (circa 7000 B.C.)	Emmer wheat, hulled 2-rowed barley, naked 6-rowed barley, lentil	Helbaek, 1970.
(ii) Later Neolithic stage (5400-5000 B.C.)	einkorn wheat (common), emmer wheat (common), free threshing wheat, hulled 2-rowed barley, hulled and naked 6-rowed barley (common), pea (common)	
9. Tell Ramad, Southern Syria (6250-5950 B.C.)	Einkorn wheat, emmer wheat hulled 2-rowed barley, lentil, pea	Helbaek, 1966.
10. Jericho, Jordan Rift-Valley. (prepottery B stage, 7000-6250 B.C.)	Einkorn wheat, emmer wheat hulled 2-rowed barley, lentil pea	Hopf, 1969.
11. Beidha, South Jordan. (ca 7000 (ca 7000 B.C.)	emmer wheat, hulled 2-rowed barley, lentil.	Helbaek, 1966.
12. Knossos, Crete (ca 6000 B.C.)	Einkorn wheat, emmer wheat, free threshing wheat, hulled and naked 2-rowed barley.	Evans, 1968.
13. Nea Nikomedeia, Macedonia, Greece (ca 5500 B.C.)	Einkorn wheat (rare) emmer wheat (common) naked 6-rowed barley (common), lentil (common).	Zeist and Bottema, 1971.
14. Argissa, Thessaly, Greece. (6000-5000 B.C.)	Einkorn Wheat, emmer wheat, hulled 6-rowed barley, lentil pea.	Hopf, 1962.
