

# Fire Blanket Instructions

1. Fire blankets are designated for fire extinguishing use when: a person has caught on fire, the fire must be extinguished at its source, or to escape a burning building!
2. Take the blanket out of the box!
3. Spread the blanket out, holding the handles!
4. Place the blanket on the burning person or object, in the direction of the wind!!
5. It is recommended to wet the blanket with water before use!
6. When using the blanket to escape, wrap it around yourself like a shawl and cover your body!
7. When a person has caught on fire, seek medical help immediately once the fire has been extinguished!
