

## **Submission of applications**

### Submission of applications for experiments in animals- Instructions for PIs

Applications should be submitted through the website of the IACUC:

<http://www.weizmann.ac.il/vet/iacuc.html>

Only heads of research groups (academic, Senior Scientists or higher) may submit applications.

Log in using the same user and password as for Internal Services.

- New applications: press and fill form as needed. Save often. Draft pdf files can be proof- read by pressing the print button. When done, submit by pressing SEND.
- Continuation of ongoing study: Use 'Duplicate' to create a copy of an existing application
- Templates: Applications for a number of routine experiments performed by service units can be submitted using pre-filled templates. Templates were prepared for the Antibody Unit and for generation of Transgenic Mice. IACUC will be happy to receive suggestions for additional templates.
