

# FROM SCIENCE TO POLICY

Weizmann Women in Chemistry are hosting **Dr. Yael Wagner** from the Mimshak program.

Dr. Wagner completed her PhD in plant and environmental science at the Weizmann institute, and is now a Mimshak fellow for the JNF head scientist. Under this role she initiates collaborations between research and educational bodies with JNF, with the goal of engaging the the public in the scientific ongoing of the organization.

Join us to hear about this unique program!
